

NATIONAL SERVICE SCHEME

LAKSHMIBAI COLLEGE

REPORT (COVID-19)

Today's situation is alien and grim which requires us to maintain strict social distance to survive this pandemic. The NSS volunteers of Lakshmibai college have been sincerely maintaining social distancing and taking all the necessary precautions that hold utmost value in the current times. Besides we have been taking good care to spread awareness amongst ourselves to create an updated and safe space. We generated Janata Curfew awareness on all our social media platforms and wholeheartedly supported the Prime Minister's initiative on 22nd March 2020. We also encouraged each other and our fellow family members to switch off the lights as per the Prime Minister's request and light a diya for 9 minutes on 5th April 2020. We took to our online platforms, the Prime Minister's sincere appeal of following 7 necessary and ideal steps in the current scenario which he made on 14th April 2020 and encouraged our members to follow the same. We also developed a simple video that is put up on our online platforms to help our viewers make an easy mask in their respective homes and to encourage them to practice wearing the same. A separate video was curated regarding sanitizing and reusing a mask in an attempt to spread awareness and share details regarding the same. Our Volunteers have also sewed masks at home and twice distributed them to the needy and unprivileged people to help them fight against this pandemic. Our volunteers have also been taking good care of the specially abled students of our college and have been consistently working on their assignments and notes to help them in their academics.

The infographic is divided into two main sections. The left section features an illustration of a man and a woman wearing face masks, with a double-headed arrow between them labeled 'SOCIAL DISTANCING'. Below this, it says 'Follow JANATA CURFEW Tomorrow March 22nd, 2020' and includes the hashtags '#stayhome' and '#staysafe'. The right section is titled 'WHAT IS JANATA CURFEW: HERE IS HOW IT WILL WORK' and lists five points: 1. PM Modi urged all citizens to stay off roads and public places on Sunday (March 22). 2. The Janata Curfew on Sunday will start at 7 am and continue till 9 pm. 3. People working in essential services (police, medical, media, home delivery, fire fighting, etc.) will not need to take part in the Janata Curfew. 4. At 5 pm, citizens are requested to encourage people working in essential services by standing in doorways and clapping/ringing bells. 5. PM Modi requested citizens to inform at least 10 people of the Janata Curfew, if possible, call at least 10 people every day and tell them about the 'Janata Curfew' as well as the measures to prevent it.

Future goals and objectives –

- 1) We wish to conduct online classes for the students of our adopted village Wazirpur at the earliest.
- 2) We also intend to conduct a webinar on MENTAL HEALTH to initiate conversations and help people survive this pandemic with lesser illnesses and struggles.
- 3) We seek to organize a live session with an eminent personality to conduct a myth vs fact session about this pandemic to make things more clear and less turbid for our audience.
- 4) We are planning to contact the members of our adopted village to verify and cross-check for any assistance that can be provided and to share details of the contacts of people in different positions that can bring to them the right help.
