"There is no force powerful than a woman determined to rise"-

W.E.B Dubois

'Women and Legal Literacy' Add On Course organized by Lakshmibai College in collaboration with Delhi State Legal Services Authority, New Delhi has taught me not only all the legal power that Indian women possess but also the history and struggle women have faced to gift this to the coming generations. The interactive sessions with distinguished faculties and police officers have helped me clear all my doubts and get to know the internal process of different government departments related to women's legal services. The visits to the courts and practical knowledge has been so advantageous in terms of gaining knowledge that it made my decision to choose this course a 'Best choice of my life'. I would really take this opportunity to thank each and every course member for giving all the girls to have this wonderful opportunity to learn and grow.

-Rajnandini Rathore

Batch 2017-18

# Testimonials from students of previous batches

## Foreign Language Course (Japanese)

Japanese Language Certificate Course (2016-2017 Batch) has been a journey on its own, kind of roller coaster ride where we did fall and were backed up by a wonderful faculty I would want to mention Mr. Avinash, I remember ours being the first batch but the kind of efforts put in by faculties to let us understand each and every thing eventually made it a cake walk for many of us. The kind support of taking us through lessons again and again also, the extracurricular activities of us learning and singing Japanese songs to college on occasions are a few great memories that would never fade. I loved the journey of learning this course at Lakshmibai College with great support of my faculties and Principal Ma'am who got us such an opportunity. .

- Shivangi Sachdeva

## Foreign Language Course (German)

Hey! I am from Commerce stream and pursuing B com from DU. I have learned German from Lakshmibai college in 2017-18 batch. To be very honest my journey of learning German was wonderful. So many people become teacher, but they do not know how to teach. Only few people know how to teach so Parridhi ma'am is one of them. Proud to be your student ma'am. I am really very glad that my journey of learning German started with you. Parridhi ma'am is not only a good teacher but a good friend and a very amazing guide too.

-Kanika Khanna

## Foreign Language Course (French)

Bonjour  
My ' FRENCH LANGUAGE COURSE (2019-20) was amazing. My first experience of learning a new language was challenging, demanding and interesting. But it became very joyful as our teacher made it very simple and interesting. Alka Ma'am taught us so perfectly. It was an amazing experience for me. Moreover our teacher also taught us how to practice written and oral pronunciation. So, I think it was my best decision to learn French language.

-Urvashi

## Women and Legal Literacy

Women and Legal Literacy, a certificate course organised by Delhi State Legal Services Authority (DSLISA) has been one of the most informative and interactive experience during my college. All the guest lectures were not only equipped with knowledge in their field, but also they were eager to answer our never ending questions. From the very first day when we were brimming with questions to the last class it has been a wonderful experience.

-Stuti Agrawal

## Women and Legal Literacy

The course helped me think about our constitutional guarantees and rights. The court visits were very educative and speaking with jail inmates gave one an idea of life inside, making me value my freedom that much more.

-Aaliya Khan

## English Communication and Personality Development Course

I always wanted to learn English - new words, fluency and confidence. Ma'am taught us all those things in the class through activities. In fact, she included us and that is why we had so much fun. I just want to thank her so much for enhancing my speaking skills. I'm so happy that I did this course.

-Sheka

# MACHINE LEARNING

## 40 HOURS 10 WEEK CERTIFICATE COURSE

Module 1: Supervised Learning Linear Regression Logistic Regression Decision Tree Naïve Bayes Classifier Support Vector Machine K-Nearest Neighbor	Module 2: Unsupervised Learning Clustering and Expectation Minimization K-Means Principal Component Analysis
Module 3: Deep Learning Multi-Layer Perceptron Convolution Neural Network Recurrent Neural Network	Module 4: Projects Recommender System Image Compression Twitter Data Sentiment Analysis (You can choose your own project)
Tutorials	Basic Python Differentiation Matplotlib Pandas NumPy SciKit-Learn TensorFlow Natural Language Toolkit (NLTK)

### Objectives :

**To introduce students to the basic concepts and techniques of Machine Learning. To develop skills of applying machine learning algorithms using Python and related ML libraries for solving practical problems. To gain experience for doing independent study and research.**

<b>Duration:</b>	40 Hours over 10 Weeks (Registration Starts 1 <sup>st</sup> -10 <sup>th</sup> September ,2020_)
<b>Schedule:</b>	Saturday- 2 Hours, Weekdays- 2 Hours
<b>Mode :</b>	Online Digital Platform
<b>Prerequisite:</b>	Basic computer proficiency (Students with knowledge of any of these- basic programming, linear algebra, calculus will be at more advantage). Computer with Internet is must.
<b>Course Fee:</b>	₹5000 [plus ₹500 for Registration]
<b>Course Coordinator:</b>	Mr. Ankit Kumar at yaduvanshiankit@outlook.com   9540891098
