

MATHLETES - MATHEMATICS SOCIETY

Report 2016 – 2017

The society was formed after the elections, giving us the flag bearers. Who effectively and efficiently played their respective parts.

Our first event took place on the occasion of Gandhi Jayanti on 3rd October, 2016 where had conducted painting and doodling competitions for budding artists of the Mathematics Department and also a Slogan Writing Competition for those interested in writing.

“Pure mathematics is, in its way, the poetry of logical ideas.”

With view of this thought, MATHLETES, the Mathematics Society of Lakshmi Bai College had organized PATH DIGGER on 24th October, 2016. The event was interactive providing useful carrier tips to the

students. As most of the students aren't aware of what they need to do after their graduation, a session was conducted in which we had invited Dr. Gurpreet Singh Tuteja Sir and Dr. Asha Gauri Shankar Ma'am who guided the students about the various options students have after graduation.

We had also invited some of our Alumni who have excelled in different fields and are hugely successful so that the students could have a better perspective towards their goal.

After the career counseling session we had organized some fun activities for the students to make them enjoy and interact with their own department and faculty members.

For the first time on 19th January, 2017 we had screened the movie, “The Man who knew Infinity” for a different perception on Mathematics.

“Small minds discuss people. Average minds discuss events. Great minds discuss ideas. Really great minds discuss mathematics.”

As per the tradition of every Delhi University College, Department of Mathematics organized HELIX'17 an inter college mathematics fest, Where aspirants from various colleges with high competitive spirit participated. For this year, MATHLETES, the Mathematics Society of Lakshmibai College had organized HELIX'17 with enthusiasm and determination among the new set of student coordinators, student volunteers and faculty coordinator on 27th February, 2017.

The event was a huge successful with overflowing registrations for the fest events. Numerous events were planned and organized; by the fest coordinators and the society keeping the students interests and event relevance as a priority. It was a well balanced fun and learning experience.

Prior to the commencement of the main events a seminar focusing on future after Graduation was delivered by the delegates from an institute for the students. In addition to the seminar some formal events like paper

presentation, mathematical tambola, treasure hunt etc. were also planned and executed, generating a maximum response in participation.

For the Paper presentation event registrations were done in order to give opportunity to present best innovative idea of using Mathematics in practical life. A total nearing to 10 innovative ideas were presented from various esteemed colleges like Shivaji College, Kalindi College, etc along with Lakshmibai College.

Apart from these many fun events like Paper Dance, Lucky 7, Mathematical Rangoli, etc were also organized. The winners were encouraged with prizes. The Department is proud to organize such a successful event and would like to extend our heartfelt gratitude towards Principal Ma'am, Department Teachers and management for their timely advice and cooperation for organizing successful Fest. Not to forget the

students from all three years of Mathematics Department also deserve thanks for contributing their complete effort and participants for making HELIX'17 a great success.
