Department of Political Science: Expected Learning Outcome for the Students

- To help students develop into responsible, critical, reflective and productive citizens.
- To gain an understanding of nation's political institutions, political culture, as well as how public policy is decided upon and implemented
- To critically understand the questions raised by classical and contemporary political philosophers and solutions proposed by them to address the fundamental questions about role of politics in human life.
- To increase awareness of career options available with an undergraduate degree in political science; its utility in the public and private sectors; and its value as entry into a range of graduate programs, teaching and policy making positions and legal education.
