Alumni Association Meeting

We are very thankful to the college for organizing the alumni meet on 26<sup>th</sup> march 2017. Everybody shared their experiences from college time and went down their memory lane. We plan to come up with many more meetings and activities in the coming year. Just after the alumni meet and selection of the council members, the members decided to hold a meeting for major decisions and work plan. The following are the minutes of the meeting:

- The council members decided to meet on fourth Saturday of every month.
- We wish to start a bank account for the association funds, if it doesn't already exist.
- We had an elaborate discussion about fund raising; the President believes, we should collect a certain amount for registration and a different set of collection to take place whenever we hold any event in the future. The council members came to a conclusion that we should keep Rs. 200 as registration amount for the alumni association and decide for other collections as according to the expenses per event.
- About data collection- we plan to retrieve data from the online form submission process and utilise it for organising events.
- The council members wish to hold a meeting with the respected Principal Madam and seek permission and guidance for major decisions like funds and registration.
- Contact information of the council members-
