

NSS Report

2015-16

| | | |
|-----------------------|---------------------------------|---------|
| Voice for environment | NSS & environmental society LBC | 2015-16 |
|-----------------------|---------------------------------|---------|

August 8, 2015

The NSS volunteers along with the students of Environmental Society of our college together tried at the aesthetic skills with poster making competition on Environmental Awareness. The poster making competition together provided a helping hand in raising awareness against the environmental issues and raging threats to the mother earth. The competition ended on a positive note with awarding the best performers accordingly.

|----------------------------|------------------|---------|
| Shramdaan (wall painting) | NSS & NCC,Sports | 2015-16 |
|----------------------------|------------------|---------|

October 15, 2015

The NSS volunteers together collaborated with NCC and Sports enthusiasts to paint the college wall. The girls with apt gear and precautionary measures, painted the college boundary wall and the Principal Office wall as well! No work is less when you have the apt zeal and determination to give yourself into it. The walls looked a new and a fresh in no time! NSS activities are educating as well as fun at the same time.

|--------------------|---------------------|---------|
| Each one teach one | NSS & Wazirpur slum | 2015-16 |
|--------------------|---------------------|---------|

June 18 – Oct 30, 2015, 10 Jan 2016 - 30 April 2016

Education is the best gift one can be bestowed with. Each One Teach One, as the name speaks for itself; is the thought where students together provide a platform for the underprivileged children to learn and grow. The school going children who, due to some reasons are dubious or lagging behind; can compete with classmates with ease, all thanks to EOTO under NSS. The EOTO unit under college NSS society not only focuses on teaching, but on all round development of the students as well. Organizing games and other fun activities helps break the ice and build up a healthy relationship between both the sides.

|---------------------|-----|---------|
| Drug abuse campaign | NSS | 2015-16 |
|---------------------|-----|---------|

January 27, 2016

To fight against the drug abuse, a drug abuse campaign was held in our college premises in which most of our college mates supported us. Not only the NSS Volunteers, but all the other college students came together to help us in this noble cause. The campaign included hand stamps on the canvas laid by the volunteers with the heading 'I say no to drugs, do you??'

|------------------|--------------------|---------|
| NSS Special camp | NSS & DU NSS dept. | 2015-16 |
|------------------|--------------------|---------|

22 March 2016 – 28 March 2016

The NSS team of our college was fortunate enough to be amongst the four colleges selected for the NSS Special Camp. Around 50 volunteers of our college went for the camp. The camp was conducted for 7 days at Bhagini Nivedita College, one of the Delhi University colleges. Since the main objective of the camp was related to our NSS Motto and Social Service, we went to two villages nearby the college, the Kair and Mitrao Villages. The visit to the villages not only allowed us to face the reality of the world, but was rather our first step in the direction of giving our service on larger scale, than we are generally able to. When we took part in surveys, there were many layers to the answers given by villagers which deepened our knowledge and approach towards the research. The camp not only included the village visit and surveys, we were trained in Self Defense and Civil defense as well. Every day, we used to have guest lectures from great individuals who imparted in us a lot of knowledge and we gained a lot from those 7 days. The camp was a great time spent by our volunteers.
