# SEMINARS

The Placement Cell of Lakshmibai College has conducted various seminars over the course of the academic session. It has been extremely active and has received an overwhelmingly positive response. The seminars have elaborated on many different horizons and directions which have helped the students understand the various new subjects and information they were introduced to with the comfort of learning at home. From learning how to make a CV that stands out to learning how your career can be accelerated and things to do during this global pandemic. The webinars have experts in their field who have helped increase the productivity of the students.

## WOMENNOVATOR

Wings - The Placement Cell of Lakshmibai College conducted an interactive session with WomenNovator in collaboration with "Be Beautiful Be You" on 12<sup>th</sup> Feb 2020. It was based on women's' insecurities regarding their skin. It is an endeavor to communicate excellent work done by women around the world. The basic agenda of WomenNovator is to outspread the success stories of women entrepreneurs and global business alliances for women, creating a brand image through public relations.

## VEDICA SCHOLARS

The Placement Cell organized a seminar on various career options available and women empowerment on 21<sup>st</sup> February 2020. Vedica Scholars is an esteemed organization, offering an MBA degree for girls. The students gained a lot of perspective from the experience and learnt the different fields and options available for them post college.

# INTERN - O - WINGS

The Placement Cell organized it's annual Internship Fair, INTERN-O-WINGS on 2<sup>nd</sup> March 2020. There was a great participation of the students from various colleges. Around 30 companies participated in the fair. The companies provided several opportunities and offers and they provided a wide pool of profiles.

The Placement Cell stood committed towards providing students a platform and great exposure. The joint efforts of members, teacher coordinators, companies and students made it a successful fair!

# INTERNSHIP

The following companies have hired interns from our college throughout the year.

Woovly	Unnati Hub for Civil Aspirants
Finlatics	Felicia Retail Pvt. Ltd.
Umeed	The Financial Doctors
Uneako	Lanista Education
Eat My News	Solve IRSC
Happy Shappy	Easy Policy
Asmi	Headsup Corporation
Spartalks	Aashman Foundation
Sharekhan	Workafy
Decathlon	Expanrr
Girls Up	My Captain

Intellify	Gao Tek
Sirona Hygiene	UnSchool
Pennywise	Starry Meetups
E Debate.in	Kollege Konnection
ITVI Foundation	Skilling You
Peacock Solar	Spread Smile Foundation
Chegg	Shivalya Academy
InCampus	Step Up Student
Metvy	Dare 2 Compete
You got brains	Hundred Plus

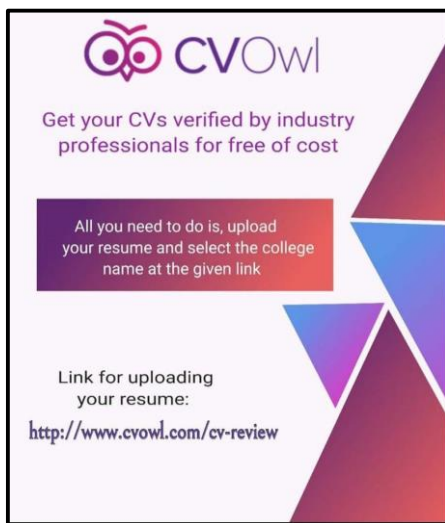

# WEBINARS

The placement cell of Lakshmibai college has conducted various webinars over the course of the pandemic period. It has been extremely active and has received an overwhelmingly positive response. The webinars have elaborated on many different horizons and directions which have helped the students understand the various new subjects and information they were introduced to with the comfort of learning at home. From learning how to make a CV that stands out to learning how your career can be accelerated and things to do during this global pandemic. The webinars have experts in their field who have helped increase the productivity of the students.

## CV OWL

Wings- the placement cell of Lakshmibai college organized a webinar on 19th April 2020. The webinar was based on CV Writing in association with CV Owl. In these tough times, polishing our skills, brushing up on our skills and making an impressive CV can effectively help in increasing productivity as well as to get employment or internship. This webinar helped the students understand the value of their resumes, what points to add or subtract and also get an opportunity to get their CVs checked. The webinar got an enthusiastic response and was extremely helpful for the students to understand the value of their CVs.

## Impact of COVID-19 on SME's: Opportunities and Challenges

A precipitous surge in unemployment continues to shake the global workforce in the wake of COVID-19 and the challenge is especially acute for the SME's, which accounts for a major share of vulnerable jobs. Considering this situation, WINGS-The Placement Cell of Lakshmibai College organized an insightful webinar on 'Impact of COVID-19 on SME's: Opportunities and Challenges', conducted on 3<sup>rd</sup> May 2020 by Mr. Mahesh Poddar, who is an eminent Member of the Parliament and chairman of Miki Wire Group. The webinar was focused on bringing clarity to the students regarding the obstacles and challenges faced by the SME's which was followed by an enlightening analysis presented by Mr. Poddar on what innovative steps and policies are being introduced by the authorities and how are they helping, prevent the SME's go out of business.

## What to do during COVID Crisis to accelerate your career?

Change often presents new opportunities for learning. It must be very confusing for students to figure out the right direction for themselves especially when times are crucial. In times like these it becomes imperative to discuss important topics and find solutions to. WINGS-The Placement Cell of Lakshmibai College took to address this issue by organising a webinar on 'What to do during COVID Crisis to accelerate your career?' taken by FMS Alumni Surabh Mittal on 14<sup>th</sup> May 2020. Students poured in their doubts and questions to him and got some clarity on how to proceed in these uncertain times. It was an insightful session which augmented the desire to learn in all of them.

# QUIZANTINE

The placement cell of Lakshmibai college organised an 'open for all' quiz as a way to have fun during this quarantine. Quizantine, the online trivia event, held on 27th April 2020, was extremely successful with over 150 participants who had taken part in the quiz. A combination of trivia and general understanding made the initiative extremely likeable. To add the cherry on top, the placement cell also gave out e-certificates to the top performers.

# Peer Counselling and Capacity Building Session

During the pandemic period, the vice presidents' of the cell took an initiative to help the students learn and improve their skills and knowledge. VPs' prepared videos covering different areas. The purpose of these sessions was to acquaint the students with the essential skills required in the professional world.

The following areas were discussed and the links for the same are attached herewith:

❖ ***Learning LinkedIn from scratch***

# CERTIFY-ED

One Stop Station for Education and Certification

MIND IS NOT A VESSEL TO BE FILLED, BUT A FIRE TO BE KINDLED.

We started a **9 days series** for the students to develop and expand their knowledge base along with a hands on experience.

This series suggested various online courses that one could learn and earn certifications from your go-to University or Company with the required skill set.

Day 1	<i>PREPLEAF</i>
Day 2	<i>INSIDESHERPA</i>
Day 3	<i>COURSERA</i>
Day 4	<i>COGNITIVE CLASS</i>
Day 5	<i>OXFORD HOME STUDY CENTRE</i>
Day 6	<i>FUTURE LEARN</i>
Day7	<i>ALISON</i>
Day 8	<i>edX</i>
Day 9	<i>GOOGLE DIGITAL UNLOCKED</i>

# FEEDBACK

WINGS- the placement cell of my college is one of the cells that I have seen growing and evolving everyday.

Each member puts the best out of them while working, the teachers have been the supporting pillars to us and have been there through thick and thin. Being in the placement cell, has given me the confidence, has developed me into a confident person.

~ Ehsaas Gakhar

Placement cell has provided me the opportunity to communicate and interact with the companies which come in our college for internships and placements.

This exposes me to different kind of people and challenges which prepare you for your future.

We had many workshops and I liked the one in which we were given tips on resume building. In placement drives I get to know about the placement procedure in our college. I had good mentor like Astha who helped me out wherever needed.

So overall it was a quite learning experience for me.

~ Havisha Thakkar

I remember the time when I filled the form for the placement cell and I was quit nervous about my interview round. But at the same time I was very determined to be the part of this cell. As in all the colleges this cell is the one which develop each and every day.

It has provided me with distinctive skills while organizing various events that were not just restricted to recruitment drives but also concentrated on self-development, interacting with the corporates, speaking to professionals from different spheres and team work which will always be an important take-away and specially when you have such diligent people working with you.

However, the best part of the journey has been the support provided by our teachers, helping us all the way.

~ Muskan Goyal

Being a part of placement cell and getting engaged in all professional environment has been a great experience. Contacting companies and talking to HR's of well founded companies has taught me a lot. Efforts put up by everyone in making the internship fair a success is appreciated and looking forward for the best. WINGS- The placement cell of Lakshmibai College has already made us experience the outside real world in which we have to step foot real soon.

~ **Aparna Raj Knanna**

Placement cell has provided me the opportunity to communicate and interact with the companies which come in our college for internships and placements. This exposes me to different kind of people and challenges which prepare you for your future. We had many workshops and I liked the one in which we were given tips on resume building. In placement drives I get to know about the placement procedure in our college. I had good mentor like Astha who helped me out wherever needed. So overall it was a quite learning experience for me.

~ **Gauri Sachdeva**

As a member of Placement cell, I came across many things/activities which I found useful and productive. I attended many recruitment drives and workshops which I found efficacious and utilitarian. Vice-presidents, Executive members with inclusion of the other members are very active and hardworking which is very good. But now if we come to the constructive part. Very less students of LBC actively participate and even when they participate they are not chosen because lack of skills which companies want. An example was seen at the internship fair. We can organize more workshops department wise informing them how they can add-on other beneficial skills apart from their College studies which companies find convenient. BECAUSE our vice Presidents and executive members are too hardworking and are sooo into it that we can gain more likely results. Thankyou. Had a great journey till now and hope of an exceptional one in coming time. If particularly we consider marketing team then also every member gave its best under Kritika & Aastha Di's guidance. We were able to understand every single thing and gained the best out of it. Every thing which took place came out successfully.

~ **Aarushee**
