ABOUT US

Established in 1965, currently about 4,000 undergraduate and 62 postgraduate students are enrolled in the college. Our students possess strong analytical and quantitative aptitudes. Students from several courses use statistical/accounting, mathematical and econometric methods and software for data handling and problem solving. Students display their growing creativity, organizational acumen and talent in various forums such as intercollege festivals, academic quizzes, creative writing, editing and illustrating wall magazines, culinary innovations, apparel design and construction, book art competition, plays, folk dances and in other performing arts. They have been performing remarkably well in sports and are active in issues of societal importance such as environmental awareness and inclusive development.

FACULTY

Highly motivated faculty (including many who have obtained their PhD's) committed towards enriching the learning experience of the students. Several members have outstanding honours/ distinctions in teaching, research and in sports. Many of them have authored books and published research papers in national and international journals, and are involved in various research projects.

Faculty members constantly upgrade their knowledge by participating in summer schools, conferences, workshops and seminars. All departments organise talks, lectures and seminars at frequent intervals to develop and nurture the research acumen of students.

Their role is not limited to providing quality education to students but also to help and guide them in matters other than study. They help to overcome their fears and anxieties and ensure that every student benefits the most from all available opportunities.

PLACEMENT CELL

“Wings of Change”! Over the last one decade, the Indian society has witnessed a paradigm shift as far as the preference of career options and opportunities for women are concerned. The sole intent is to empower the students to face the professional world with befitting adroitness in every possible way. As the name, “WINGS” connotes the soaring aspirations of the students, their indomitable spirits to reach sky and beyond.

Wings has an interactive corner on the college website and an informative Facebook page along with a LinkedIn account to update the students of the activities of the placement cell and also to create a connect with leading companies to seek out placement/internship opportunities.

CAPACITY BUILDING PROGRAMME

The main purpose of the Peer Counselling Session organized by the Placement Cell is to make students acquaint with "Peer Counselling" as an effective strategy for stepping on the professional world.

During the pandemic period, the vice president's of the cell took an initiative to help the student's learn and improve their skills and knowledge. VP's prepared videos covering different areas. The purpose of these sessions was to acquaint the students with the essential skills required in the professional world. Some of the topics included in the session were LinkledIN Profile Building, Structurising Forms, Basic Excel Tools etc.

INTERN - O - WINGS

The Placement Cell organized its annual Internship Fair, INTERN - O - WINGS on 2nd March 2020. There was a great participation of the students from various colleges. Around 30 companies and 1500 participated in the fair. The companies provided several opportunities with a wide pool of profiles.

The Placement Cell stood committed towards providing students a platform and great exposure. The joint efforts of members, teacher coordinators, companies and students made it a successful fair!

GLIMPSE OF FAIR

SEMINARS

The Placement cell of Lakshmibai college has conducted various seminars over the course of the academic session which improves the employability skills of the students. These seminars are a humble endeavor at providing a glimpse into all these areas and to stipulate a platform for the students where they get to observe, learn and participate. The Placement Cell of conducted an interactive session with Womennovator to outspread the success stories of women entrepreneurs and global business alliances for women. The Placement Cell also organized a seminar on various career options available and women empowerment, Vedica Scholars which is an esteemed organization, offering an MBA degree for girls. The students gained a lot of perspective from the experience and learnt the different fields and options available for them post college.
