

THE PRINCIPAL'S REPORT

2020-21

We have been through the most unprecedented times during past one year. Corona virus has impacted teaching learning in a big way. This sector witnessed major digital transformation accompanied in an attempt to stay connected to students, to teach them and to provide holistic support to them during these testing times. The industry has shown resilience, courage and agility to adapt to the situation in real time. Vaccination drive has given us hope of normalization especially in the education sector. Institutions have remained closed for students for a major part of the year. Efforts are on to open in phases. Though we would return to normal teaching sometime in future, Covid induced digital transformation is here to stay for all times to come. Blended learning would be the preferred way going forward. We have managed teaching and learning to some extent. We have managed evaluation and online admission.

The unparalleled and never before seen catastrophe of the global pandemic, the fact that the teaching-learning process shifted online, and the recognition that access to this might not always be evenly distributed or possible for all was the guiding thought behind the AEPIC initiative of distributing laptops with uploaded study materials. It is also significant to acknowledge that students from weaker sections faced problems in accessing laptops and mobiles. College tried to provide laptops to economically weaker students and launched a drive for donation of mobile phones. To aid the needy and academically sound students to carry on with online lectures, the team AEPIC, decided to initiate the program of Content uploading and laptop distribution.

Faced with unusual times, educators and institutions have had to optimize all resources at their disposal and to evolve methodologies to keep the teaching-learning process alive, robust, and meaningful. Keeping in view the COVID times, Lakshmibai College conducted online Orientation Program course wise in small groups to connect with the new entrants. It was a weeklong event wherein all the College societies introduced the students to their respective goals and what they have to offer to the students. The objective of the programme was to familiarize the students with the ethos and culture of the institution. Faculty and student volunteers from across disciplines worked extensively to ensure that the induction was well organised.

With a view to a continued commitment to scholastic standards and also as a way to respond to the demands created by the present scenario of the pandemic, college organized large number of webinars for the students and the faculty members. Research plays a major role in the field of academia. Webinars / online workshops / FDPs conducted by the college continued the momentum. The Young Researchers' Forum (YRF) was launched in a time when along with the rest of the world, the academic endeavour too was facing a crises in a Pandemic driven world. The forum was launched with the clear aim of making quality research an integral part of the undergraduate curriculum in Lakshmibai College. To maintain its standard to grow further, college signed three MOUs- one with International University and two with colleges in Assam and Nagaland.

Despite the grim projections by this pandemic, there is a silver lining too as visible in the most sincere and exceptionally devoted efforts by the nation. As Benjamin Disraeli said that "Change is inevitable, Change is constant", the world we live in is full of uncertainties, the only certain is change. A big change came in the field of education with New Education Policy. One of the major highlight of the reform is the emphasis on our mother tongue. Keeping that in view, we launched Bhartiya Bhasha Mandal under the aegis of AEPIC. It was established to encourage the exchange of language knowledge between students of different cultures. BBM strives to eliminate linguistic boundaries while preserving linguistic diversity. The students were acquainted with the tasks which BBM intends to do and they were encouraged to join this forum in order to promote as well as learn different languages. As multilingualism and registers of linguistic diversity become an important part of our consciousness as well as our inhabited world, Certificate Course in Translation is being devised and is

in process of being launched in collaboration with Bhartiya Anuvad Parishad. We are also working on inhouse MOOC development to spread quality education with a much larger audience.

The college, apart from conducting online classes, reached out to all stakeholders including students and parents through online meetings. This is life. Let's accept the challenge and use the opportunity hidden in the crisis. It is difficult to be confined within walls but let us think for a moment about people who don't have walls. Let's think, what would have been the case had there been no internet. Let's be thankful to the technology which has given us this opportunity to remain connected with each other even during this pandemic. However pandemic has gone to bring depression, anxiety as serious concerns for human beings. In order to tackle that and to understand life at the level of consciousness, we had webinars addressing the issue of mental health. Things are much deeper than they look at surface level. Deeper understanding of issues gives us clarity and makes us stress free that is what we all look for. Psychology Resource Centre, under the aegis of Department of Psychology which got constituted in this academic year, was constituted in December 2020 to serve the entire college including students, faculty members and non-teaching staff. Its flagship initiative monthly Institute Lecture Series invites eminent personalities from diverse backgrounds to share their past learnings and experiences on which the students and faculty members of our college can reflect.

In continuation to this process, the college has initiated a Mentor-Mentee program. There are 2 mentor-mentee sessions per week one on Wednesday (5th period 1-2pm) and other on Friday (4th period 12 -1 pm). The program includes the interaction of teachers and students in which diverse issues are discussed ranging from queries of students, stress management of students, discussion on current issues related to their subjects. This program has been conceived to allow teachers and students to meet on an alternate and more informal platform. Moreover, to keep ourselves and others mentally and physically fit, we organized 'Atmanirbhar Shivir' and 'Yogabhyas' in the college premises.

Besides as an educational institution we have social responsibility as well. We started an initiative to feed 50-60 hungry people in JJ Colony Wazirpur near Lakshmibai College during the lockdown. Large number of colleagues contributed for this. Some faculty members contributed to PM relief fund even before University requested everyone to participate in this. During COVID-19 our WISHVAS project, is having its fourth successful year, was working online and when the conditions were under control, we started our work in Wazirpur village. This year the team extended the area of the project to other areas like Timarpur Village (on every Friday), Sarai Rohilla (near Railway Station). Beside teaching and educating the kids of the area, our volunteers try to improve their skills in different ways like providing fine arts classes and self-defense training to girls of the area etc. Empowering girls from low income groups especially during this pandemic remained our first priority. Red dot project, a project for the women and by the women, of the college has remained busy in making cheap and hygienic sanitary pads for young girls. Reusable Cost Effective Sanitary Pad was one of the sustainable initiatives amidst COVID 19 outbreak by Lakshmibai College.

We need to join hands in these difficult times as it is a time for prudence, not panic; science, not stigma; facts, not fear. Physically distant doesn't mean that we have to maintain distance from each other. Heart is more powerful and the power it garners through remaining together and cooperating with each other. Sensitivity to us and to the world is the key to success. Resolution of mind is the path towards it. Most pertinent question is what are our desires and what are our needs. We require digging out those elements which are in excess available to us. Whether it is possible to take out that portion and give it to someone. The deadly virus which is still very much present around we taught us how to live life in simplest terms. It did brought hardships but also brought out humanity. People have started valuing the resources they have. The communicable nature of the virus has gone to make us understand the basic formula of life that we all are one. There is no difference. Irrespective of who are you, you are in the same vulnerable position as anyone.

Irrespective of all the odds we as college have managed to grow and utilize this time for the betterment of institution. Once the lockdown was eased, we consumed ourselves in improving our infrastructure. The prime addition was our newly built Health & Wellness Centre – 'Aarogyam'. This is the place for knowing yourself at all levels through Philosophical and Psychological Counselling,

Medical Advice, First Aid etc. The first floor is designed to be a Place to know thyself in the purest form of being, to pause and to realize how all the five elements of our body communicate with Nature and the Spirit. “May the concept of ‘Tatvamasi’ be realized.” Other principal additions to the institution were new parking area, well furnished reading room in the library, new furniture in the canteen, construction of new gates with more security and overall renovation of classrooms and college buildings.

Campus looks beautiful only when it is attended by students. They are also waiting for campus to open. The aesthetics of a classroom can never be replaced. No one has ever seen such a tremendous upsurge of changes in the life of a University/College. We have not yet recovered from the shock of the COVID 19 and the change it brought to us. We were just thrown into the Sea and we learnt to swim or the waves managed to keep on track. There are so many questions which remain unanswered. We all are in quest in finding out possible solutions. We will open but the methodology is going to be different and difficult one. The tasks for all the stakeholders in the educational sector is to ensure how we are planning for New Normal in college, how we will able to maintain social distancing in classroom, what kind of practical trainings are required, what are the technical support available for an institution and how to change the organizational culture to face the inevitable changes.

As Krishna said that change is inevitable and as human beings we should continue to do our duty and never worry about the result, seems as the strategic way to fight against this pandemic. We have done considerably well in our fight but this is not the time to be complacent with our efforts. A small push and we might be able to enkindle our lives.

ADMISSIONS AND RESULTS

The college has duly admitted a large number of students to various courses this year. More than 3500 students are enrolled in the college. The breakup is as follows:

Courses	Number of admissions
B.A. (Prog)	1224
B.B.E.	84
B.Com. (Prog)	557
B.Com. (Hons.)	247
B.A. (Hons)	1358
M.A.	109

The college has done consistently well and the results are more than satisfactory. The performance of first year students is par excellence. 98 percent students passed in History (Hons), B Com (Hons) as well as Maths (Hons) and 97 percent in Pol Sc (Hons). More than 90 percent students passed in BBE and B Com Prog and more than 85 percent students passed in BA Prog. In most of the courses, the percentage of number of students passing is more than 80 percent.

Second Year and Third Year students have also done exceptionally well in this academic year. There have been more than 90 percent passing percentage in courses like Hindi (Hons), B. Com (Prog), B. Com (Hons) and Political Science (Hons) of second year. Record 99 percent students passed in B. Com (Prog) third year. Students of different courses from both the years of have made us proud by scoring high marks in their respective courses

ACADEMIC STAFF

After years of dedicated service, Dr. Isha Chawla took VRS in October 2020. College appreciates the valuable contribution of her in the growth of the college.

This course helps people get jobs in many different areas.

The college has proposed to start a Knowledge Management Cell through which it intends to give internship options to its students. We intend to make many positions available for our students with basic technical knowledge of computers and some of their common applications. We intend to provide a certificate of internship for the same. College sent out a Google form to all the students so that students may apply for this opportunity. A total of 199 responses were received. The selection procedure involves interviewing the applicants, which we intend to do soon. An add-on course on Machine Learning was proposed to introduce students to the basic concepts and techniques of Machine Learning. Unfortunately, the course could not continue, as the required number of enough registrations could not be received.

The orientation program for the newly admitted undergraduate students was organised from 20th to 28th November 2020. Students were formally welcomed and introduced to the culture of the campus and the university. It was a weeklong event wherein all the College societies introduced the students to their respective goals and what they have to offer to the students. The objective of the program was to familiarize the students with the ethos and culture of the institution. Faculty and student volunteers from across disciplines worked extensively to ensure that the induction was well organised. Most significantly, the college has initiated a Mentor-Mentee program. There are 2 mentor-mentee sessions per week, one on Wednesday (5th period 1-2 pm) and another on Friday (4th period 12 -1 pm). This program has been conceived to allow teachers and students to meet on an alternate and more informal platform.

Among other AEPIC initiatives planned in near future are – development of an interdisciplinary MOOC and participation in Vidya Vistar scheme. The AEPIC team is committed to working hard collectively for academic and extracurricular planning and implementation of ongoing and new initiatives in the interest of the institution.

Proctorial Board and Students' Union

The Proctorial Board has been entrusted with the responsibility of maintaining discipline in the college. Most of the events/activities were organised on the virtual platform. We welcomed the First-year students during the Orientation Programme which was held on 25th Nov 2020. Students were acquainted with various rules and regulations for maintaining discipline in the college. The birth anniversary of Rani Laxmi bai was celebrated on 19th November 2020. OIC

OIC commenced the work for the upcoming session by sharing Google forms to collect Generic Elective (GE) options from students of B.A./B.Com. Program. As a special endeavour, each BA Programme student was provided a unique prefilled Google form wherein students' detail such as Roll Numbers, Name, and Discipline subjects were already provided in Google form for every student. The intent was to simplify the form and hence, minimise the errors while data collection. Also, course

specific forms were shared with second year Honours students to collect their preferences for GE options for upcoming sessions. During the process, OIC regularly monitored and shared GE counts with the workload committee and time-table committee for discussion and deliberation. Subject-wise student data for GE and SEC papers were shared with Teacher In-Charges before the commencement of classes. Further, a list of Google classroom codes for GE subjects was shared with Honours and Programme students, and with the support of TICs it was ensured that all students get connected to GE subject teachers for online classes. Through the admission process, the OIC team performed the task of adding, updating and sharing data of newly admitted students in a dedicated Google sheet. OIC created course specific options forms, dedicated to each of the Honours courses and B.A. Program course.

Digital Initiative Committee Report

The Digital Initiatives Committee maintained high service delivery standards established by it over the years. We, at Lakshmibai College, adapted beautifully to the new demands brought about by the pandemic by providing digital solutions to all the stakeholders. The website was imparted a fresh feel by way of addition of new web pages depicting the infrastructural development, new initiatives undertaken by the college, allocating separate web space to each department on the college website to showcase its activities, achievements and upcoming events.

We along with AEPIC were proud to be associated with the distribution of laptops to needy students. Furthermore, in collaboration with the Psychology Department, we are in the process of obtaining a virtual helpline number to address the psychological issues faced by the student fraternity. Work has also been initiated in full swing to develop an in-house web portal for digital filing of APAR and PBAS forms that will immensely aid the faculty.

The events saw active participation from the volunteers under project- Sampurn Vikas, who showcased their creativity through poetry writing, poster making, singing, etc.

Enabling Unit for Differently Abled

The Enabling Unit of the college provides assistance and guidance to the differently abled students of the college throughout the year. During the admission process 2020, online helpdesk for counselling was created and required guidance was provided to all the differently abled students who came to seek admission to different undergraduate courses. The newly admitted students were then guided to apply for different scholarships/fellowships provided by government and non-government organizations like Help the Blind Foundation (HTBF), a Chennai based NGO working to elevate the economic condition of the visually impaired students in India. The second and third year visually impaired students were also provided necessary assistance to fill up the online applications for the scholarships.

The newly admitted visually challenged students were issued special software ('JAWS', 'NVDA', 'SAFA') enabled laptops to improve their academic progress. Digital record players with internet facility (SAKSHAM EVO E-10), specially designed for Visually Impaired persons, were purchased by the Enabling Unit to help the students in their academic pursuit. An online training program to help the students understand the usage of Evo E10 daisy player was organized by the Enabling Unit of the College on 18th February 2021 with the help of Saksham.

Reports of Respective Departments

Department of Commerce

In this academic year we had series of events to keep students engaged in various activities for their mental well-being during this pandemic. With this aim in mind, a workshop on Meditation and yoga was organized on 13th September 2020 through a virtual platform by Dr. Sushma Aggarwal. Brain scrub competition was conducted on Dare2Compete App. The main purpose of this event was to help students to test their knowledge for competitive examinations. Similarly, an online quiz competition- Quizzical Karma - was conducted using Kahoot platform on 4th October to test participants' commerce skills and knowledge.

A webinar was conducted via Zoom platform on "How to Accelerate Your Career During and Post Covid-19 Crisis" by Mr Saurabh Mittal - FMS, Delhi alumnus with corporate experience in Investment Banking at JP Morgan and over 8 years of experience in the education sector. On 30th November, 2020 "Real Corporate World- Things not taught in Classrooms" was organized. Miss Mansi lectured on "The Ground Level Marketing" and interacted with the students effectively and guided them to face the real-life challenges in their workplace.

To add to our accolades, we initiated and successfully conducted Hult Prize Program online for the session 2020-2021 on 30 January 2021. Hult Prize is an idea pitching platform. It is an annual competition that enables young college students to come up with innovative solutions after challenging them to solve a pressing social issue selected by US former President Bill Clinton. This year the statement given is FOOD FOR GOOD.

Department of Economics

The department of Economics has conducted A Three-Day Workshop on "Important Tools for online Learning" from 23rd September 2020 to 25th September 2020 for all B. A. (Hons.) and B. A. (Prog.) economics students. The workshop aimed to develop digital literacy skills amongst students that are increasingly required in University education. The department has organized a webinar on 24th February 2021 titled "Adopting Environmental Changes for Sustainable Development: Lessons from Lockdown 2020" by Ms. Lipika Roy, Deputy Director, Ministry of Environment, Forest and Climate Change, IES. Furthermore, the department society È-Parcus has organized A Symposium 2021 and Group Discussion for the students on the topic "The Bus of Privatization: Should India ride or not". The second round topic was "Cryptocurrency and its Impacts on India" on 10th March 2021.

Department of English

The Department organized a two-day orientation / Student Induction Program for the new entrants of English Honours, 1st semester, on 18th of November, 2020 and 19th of November, 2020, in virtual mode, keeping in tandem with the digital initiative for teaching and learning.

The Rhetoricians did not stop short for any creative endeavour while facing the pandemic and on 19th of September, 2020 organized a virtual Intra-College Debate competition on the topic "Social Media is a Blessing for Today's Youth". We also organized an Inter-College slam poetry competition, aptly named "Mind-to Mic" on 24th Feb 2021. The event showcased Dr. Anjana Neira Dev, Associate Professor, Gargi College (D.U) as a special guest as well as the judge of the events. On 5th of March, 2021, the Department of English organized a webinar on the topic "Cakes, Pies, Grapes, Jams and Teas in Victorian Literature" by Dr. Aratrika Das, Assistant professor, Ramjas College.

The Department organized an online event entitled "Reading and Writing the Postcolonial: A Conversation with Saikat Majumdar" on March 18, 2021. Prof Saikat Majumdar, Professor of English and Creative Writing, Ashoka University, was in conversation with Dr Ruchi Mundeja, Associate Professor in the Department, and also the organizer of the event. The postcolonial, especially in its 'readerly' manifestations, was the focus of the discussion, as the discussants engaged in a sustained dialogue on the area, especially with a view to widening an understanding of the field beyond the taught curriculum, and the discussion often leaning towards Prof Majumdar's interventions into the area in his body of work. The students and attendees asked probing questions in the question-and-answer session, and the informality of the mode of conversation lent a refreshing appeal to the event.

This academic session the Film Club of the Department of English, christened itself as "Cinaesthesia" to tackle the issue of connecting to the audience in a pandemic driven world, devised strategies for virtual screenings on the Google Meet platform, along with an introduction and running commentary for faculty members, review analysis, trivia, and PPT presentation by the students at the end of each screening. The movies would be chosen searching over a plethora of themes, influence, language and social commentary.

The Book Thief (2013), an English language movie, based on the eponymous novel by Markus Zusak and directed by Brian Percival, was screened on 09th Aug 2020. Department of EVS

The academic year 2020-2021 started with the great initiation of the establishment of an Ecopark in our college campus despite the difficulties of the pandemic. We organized many worthy academic activities during the session 2019-20 such as one week cleanliness program "Swachh Bharat Abhiyan: Ek Jan Andolan", tree talk, training on compost formation, connect with nature, E-waste awareness program and biodiversity evaluation of the campus. The ongoing online teaching-learning mode restricted the various activities like field visits, practical classes etc which are an essential part of the EVS course. But on a positive note, virtual tours of biodiversity parks were conducted, students were encouraged to learn from online informative videos from various premier institutions and be a part of various online environmental campaigns like that of World Water Day and FAO's International Year of Fruit and Vegetable programs.

Some major ongoing and proposed Projects under the Department are: First, a model of Grassland Ecosystem and Commercial Applications as Ecosystem Services. Dr. Mani (Faculty, EVS department) under the guidance of Dr. Pratyush Vatsala (Principal) is working on the generation of the recycling waste management system to dispose of all the organic wastes generated inside the campus and gain commercial benefits through it and organic produced made from it as ecosystem services. The establishment of the Ecopark, development of organic fruit orchard and Gokul (Mera Gaav) is almost accomplished. The rest of the objectives such as Mushroom cultivation, Bee farming, Animal husbandry are initiated and Compost formation is going on.

Three different ecosystems: grassland ecosystem, desert ecosystem and aquatic ecosystem are created. Live Rabbit animal models, birds, fishes, turtles and some artificial desert animals are visible inside the park. Apart from that to change the microclimate of Campus, recharge the groundwater including enhancing the Aquatic Biodiversity a Pond Ecosystem is also being developed in college campus. Besides, to protect and increase the biodiversity of our college campus, and communicate their direct and indirect values to students", a proposal is drafted on Herbal medicinal garden an overarching goal in the direction of the conservation of medicinal plants with a special focus on protecting the rare and endangered plants and the dissemination of traditional Knowledge about these herbs among the students and the teachers.

Moreover, a very ambitious commercial project under the YRF scheme of Delhi University is running in collaboration with the department of Food and Technology entitled "Preserved Products from Organic Produce in the campus: A Feasibility Study". The project is focused on assessing the feasibility of the production of organic produce from plant biodiversity present in the campus itself and further commercializing the products to make available healthy, contamination free and almost organic products with no or minimal use of preservatives in the market. Our first pilot product is ready to commercialize with the brand name 'Organic Peel Face Scrub', Orange Jelly and Marmalade.

The movie screening was based on the documentary of Netaji's life. Poster making competition was held and volunteers were asked to create handmade or digital posters depicting

famous quotes or important contributions of Netaji. The month ended with our Republic Day celebration (Gantantrotsav) on 26th January. We had created a video together with the help of our volunteers to pay our sincere respect to everyone who helped us in this time while we sat at our home safely and comfortably. To make the day more commendable we had organized a slam poetry competition for our volunteers.

The NSS unit had put its maximum efforts to make the whole month of February for the students. 12th February was the Laptop Distribution Day in which the volunteers went to the college and distributed laptops on rental basis to the students who couldn't afford them. This was helpful for the students to continue with their studies smoothly even in the times when they couldn't visit college. 16th February, faculty members and volunteers celebrate Vasant Panchami. 20th February was again a great success as this day the volunteers were engaged in the mask framing activity in the college. They created useful handmade masks and distributed them in the nearby slum areas.

WISHVAS - Project for Underprivileged area of Wazirpur Village

A novel initiative of Lakshmibai College, WISHVAS project is having its fourth successful year. In this project, undergraduate students, NSS and other students of the college participate to spread awareness about women's hygiene, educating children of remote areas of Delhi. During COVID-19 our WISHVAS project was working online and when the conditions were under control, we started our work in Wazirpur village. This year the team extended the area of the project to other areas like Timarpur Village (every Friday), Sarai Rohilla (near Railway Station). Besides teaching and educating the kids of the area, our volunteers try to improve their skills in different ways like providing fine arts classes and self-defense training to girls of the area etc. This year, we celebrated Republic Day with Wazirpur Village kids. One of the volunteers provided physical education which included yoga and training in self-defense to the students. Dance classes were also scheduled for the students.

'SELF-DEFENCE CAMP'

Lakshmibai College, organized a 10-Day Camp on Self-Defense 'Atmaraksha Shivir' for the students of Lakshmibai College and the children from the nearby community under the FIT INDIA Campaign. The camp was held on the college premises from 18th to 28th February 2021 between 4 pm to 5 pm.

As a Community Awareness Initiative, the 'Aatmraksha Shivir' aimed at empowering participants to equip themselves with the basics of fitness, gymnastics, judo and karate to be able to feel physically and mentally strong enough to handle any unwanted situation.

The camp started with the blessings of our principal Dr. Pratyush Vatsala and concluded with the special session on self-defense skills by Mr. Ajay Vats, the renowned trainer of self defense. The daily practical sessions were conducted by Dr. Seema Sharma (Kaushik). The student coordinators included Suman, Tanu Meena, Palak Swami and Pooja.

The camp activities comprised of basics of Fitness through jogging, running, jumping, hopping, exercising; basics of Gymnastics with a forward roll, backward roll, forward roll and stretch, backward roll & stretch, dive-n-roll, handstand, cart-wheel; basics of Judo with Ushiro Ukemi (back fall), Yoko Ukemi (side fall), Tai Sabaki (foot moments), Ogoshi and Osotogari (throwing techniques); basics of Karate including punches - middle, upper, lower and blocks – middle, upper, lower practiced individually and in pairs; self-defense techniques including saving self from the punches, different types of grips knife, gun; and a demonstration of the street fight.

'YOGABHYAS-2021'

Lakshmibai College organized the Yogic Practice Sessions called 'Yogabhyas' under FIT INDIA Campaign for the staff, students and nearby community of the College from 1st to 28th February 2021 in the college premises. As a Community Awareness Initiative, the objective of the 'Yogabhyas' was

to make people aware that health and fitness plays a very important role in our life. By practicing yoga on a regular basis one can live a healthy and disease free life.

The practical sessions were conducted by Dr. Seema Sharma (Kaushik). The student-coordinators included Suman, Tanu Meena, Palak Swami and Pooja. The sessions were conducted 5 days a week for one month duration. Each session of one hour started with Om-chanting and Gayatri Mantra, proceeded with practice of asanas and pranayamas and concluded with laughter therapy, meditation, prayer and om-chanting. While first week was aimed at making people familiarize with yoga and develop a habit of regularity; the second week was focused on practicing the common yoga protocol issued by the Ministry of Ayush usually followed at the time of International Yoga Day; the third week targeted at learning and performing little difficult asanas; the fourth and last week was endeavored at habitually practicing and performing all the asanas and pranayamas.

Various asanas were practiced during yogabhyas: Suksham Vyayam, Tadasana, Trikonasan, Vrikshasana, Natrajasana etc. The intensity of Surya Namaskar was increased from performing one round initially to seven rounds in later sessions. The practice sessions were organized very well. The teacher helped everyone while performing asanas and pranayamas. The participants felt enthusiastic, confident and contented physically, mentally and spiritually after the sessions. They also pledged to make yoga a daily part of their life.

NCWEB and IGNOU Study Centre

The NCWEB organises various activities for the student in this session. To initiate the welcome of Freshers, it organised an orientation programme. To mark the environmental day the centre organised a debate on the environmental issues among the students and to celebrate the International Women's day the centre organised a poem writing competition among its students. It received an overwhelmingly response of students they came up with beautiful poems expressing their concern, aspiration as a women. Dr. Neelam and Dr. Babita Verma are teacher in-charge.

The college started an IGNOU study center for women in 2014. Some of the post-graduation courses offered are (MEG) English, (MAH) History, (MPS) Political science, (MEC) Economics, (MHD) Hindi, and (MSW) Social work. This year center has started in post-graduation course for (MSK) Sanskrit. Due to COVID-19 Academic counselors, the classes are held on a digital platform. The Coordinator of IGNOU Centre-29040 (W) is Dr.Lata Sharma, Department of Commerce.

I express gratitude to all the GB members, faculty members, non-teaching staff and the students for their cooperation. I wish with all the dedicated support the college pursues on its mission to lead humanity to wonderful paths.

Dr. Pratyush Vatsala
