

# THE PRINCIPAL'S REPORT

2018-19

Honourable Chief Guest, Shri Vijay Kumar Dev, Chief Secretary, Delhi, our esteemed Guest of Honour; Prof. Rajeev Gupta, Dean of DSW; distinguished guests, colleagues and young friends, Good Morning!

It gives me immense pleasure to welcome you all to the 54th Annual Day of our college.

We are indeed privileged to have Shri Vijay Kumar Dev, Chief Secretary, Delhi as our Chief Guest, who had been conferred with two Governor's Gold Medals and President's Award for Best Electoral Practices besides various civic awards by citizens for citizen-centric administration, including naming of a road in Diu. The President's Award for Best Electoral Practices was given for his innovative measures which for the first time made polling stations in Delhi disabled-friendly. His commitment towards social welfare is the reason for being the recipient of two gold medals. The first one was bestowed on him for his path breaking efforts in electrifying China Border's inaccessible remote villages of Lohit in 1997. Villages had electricity after 50 years of independence. The second one was awarded for his financial acuteness in disentangling Arunachal Pradesh from financial breakdown and collapse as Finance Secretary to Government of Arunachal Pradesh.

The journey to excellence is embarked from its first station i.e. education. Dev Sir did his B. Tech in Electricals from IIT Delhi and MBA from University of Birmingham. He joined Indian Administrative Services in 1987 and served in various field positions starting from SDM in Goa, District Collector in Daman and Diu, Delhi and in Lohit District of Arunachal Pradesh. Dexterity in the work field has gone to put him into various senior positions. He worked in Government of India, Ministry of Urban Development as Director of Estates. He had also served in Govt. of NCT of Delhi as Food Commissioner, Divisional Commissioner, Chairman DTC and Chief Electoral Officer of Delhi. These are some of the milestones of his career. It is truly an honour to have you in our midst, Sir!

It is with great pleasure that I welcome our Distinguished Guest of Honour, Prof. Rajeev Gupta, Dean of Student Welfare. As someone at the helm of an organization that spreads the culture of student's welfare, his presence here carries special relevance, resonating as it does with our own efforts to foster the love towards our students. A Professor is the best to know what a student desires, as his journey as a student is relived through the experiences of his students. Professor Gupta knows both aspects of the subject Chemistry: Chemistry which concerns molecular, supramolecular, organic, inorganic and Chemistry with the society. He makes the work of welfare easy and simple by making it scientific and rational. Prof. Gupta is the recipient of various awards in his field of study. Bronze Medal (2016) from the Chemical Research Society of India, Science Flame Award (2015) from the World Science Congress and ACS Membership Award (2015) from the American Chemical Society are few of them. However the biggest reward for him is his meticulous handling of DSW. Sir, we are privileged to have you here.

The occasion of the Annual Day is of course to celebrate achievement but equally to realize that achievement cannot be severed from constant self-improvement and self-renewal. So in this process of looking back at not only the year gone by but at ourselves, perhaps the name of the college is a good starting point. This year a movie was released on the figure of Rani Lakshmbai. Titled 'Manikarnika', it starred one of the leading actresses of today playing the legendary queen-warrior. It is not our place here today to discuss the merits of the film, but what stands out is the power of example. Rifling through the pages of history or looking for exemplary figures around us, we are all moved and stirred by inspiring role-models. Inspiration can waft in from anywhere - from the biopic that unfold on the larger-than-life-canvas of Bollywood to the examples closer home that surround us. There is this interesting anecdote of an art student who was asked what drew them to paint and the answer was "I like the smell of paint".

Inspiration can thus sneak in on us from the most unexpected of places - not only from human beings but from sights, sounds and in this case even smells. The idea is to keep our susceptibility, our

capacity to absorb, alive. Stoking the fires of learning can often be achieved through the vital energy of lived examples. By inviting a variety of speakers from diverse walks of life in the talks and seminars we organize, it is this that we seek to effect. Exemplary success stories, real-life role models, can often act as a spur to one's nascent ambitions. This is especially true of our young students on the threshold of stepping into life. This is often a stage of crucial, life-changing, choices. There is the voice of the famous French writer Gustave Flaubert saying - "I believe that if one always looked at the skies, one would end up with wings." This is of course about finding inspiration within rather than without. This has been the reason behind the success of our students. It is one of the proudest moments for an institution when your students are recognized by the University for scoring highest marks. Vasundhara and Yashika Aneja, student of English Hons, were awarded Sir C.P. Ramaswamy Aiyer English Essay Prize for scoring the highest marks in aggregate of the four papers of final year Examination of B.A. (Hons) Examination in English obtaining first division. Apart from academics, our college excels in Sports, NCC and NSS as well. It is a matter of great pride for NSS Unit of Lakshmibai College that one of our volunteers Riya Kumari got the golden opportunity to be a part of Republic Day Parade Camp 2019. Moreover, Lakshmibai College got the NCC Achievers Award for being the Best College (SW) in University of Delhi on 15th July, 2018 by the NCC Alumni Club of Delhi.

Tapping one's own inner resources to the fullest can produce unforeseen stories of success. When one reads of how Dipa Karmakar, India's success story in gymnastics, had to battle the condition of flat-foot which is considered an almost impossible obstacle to surmount for an gymnast on her road to achievement, one understands what finding unswerving focus means. With the same spirit we work as an institution. It is the collective effort of everyone that we got AIR 80 under NIRF 2018. India Today gave AIR 31 to our Humanities department, 41 to Commerce and 59 to our Science.

The Annual Day or for that matter the various Department events that are organized in the college throughout the year see students work in tandem with each other. There are of course differences of opinion but they also learn to recognize each other's unique talents. The respect that they develop for each other as they work in proximity tells us a lot about the motivation that we receive from our peers. The state of being inspired is also one that transcends hierarchies and in fact is fostered by humility, by recognition of how we can pick up a lesson from those around us, co-workers, superiors or students. As teachers, there are many occasions where the feistiness and enthusiasm of our students quickens something in us. The essential thing is to keep one's mind open and receptive. Inspiration can only come to those who have not settled into complacency. The process of learning - and teaching - cannot thrive unless both educator and student invest in the processual components of education, in the belief that there is always more for us to enquire into. Developing pedagogical models that stimulate enquiry is a step in the direction of turning classrooms into dynamic, inspiring, spaces of learning. To widen our role in the field of academia college runs add on courses such as foreign language courses. NSDC skill courses are also offered to young enthusiastic minds. Besides the college also had received sanction for Sociology, Psychology and Home Science courses.

In the spectrum of events that the college organizes throughout the year, a broadening of concerns that are often addressed in the space of the classroom is visible. The many 'Nutribite' events held by the Food Technology Department, where students learn as much about cooking as about presentation and showcasing, are a perfect example of the alignment between theoretical learning and practical skills that we strive towards. The college organized One Week Residential Youth Motivation Camp with 60 students to motivate them to be the young minds who have country's prospects in their hands. Across disciplines, our commitment to gendered concerns remains paramount. In the talks and panel discussions organised by the Women's Development Centre of the college or in an event such as the Inter-College Students' Conference on " 'Speaking' of Silence: Speaking From the Silence" organized recently by the Department of English, we seek to discuss gender-related issues theoretically and through the prism of lived realities. In the array of social issues that are covered in the plays staged under the aegis of Navrang or in the Book Fair that is now an yearly feature, we seek to create meaningful forums outside of the space of the classroom. When Mark Twain quips in characteristic fashion not to "let schooling interfere with your education", it is self-enclosed spaces of learning that he is warning us against.

## ADMISSIONS AND RESULTS

The college has duly admitted a large number of students to various courses this year. More than 3700 students are enrolled in the college. The breakup is as follows:

Courses	Number of admissions
B.A. (Prog)	1386
B.B.E.	96
B.Com. (Prog)	615
B.Com. (Hons.)	288
B.A. (Hons)	1341
M.A.	95

The college has done consistently well and the results are more than satisfactory. The performance of first year students is par excellence. 98 percent students passed in English (Hons) and 95 percent in Hindi (Hons). In most of the courses {B. Com, B.Com (Hons), Political Science (Hons) and Maths (Hons)}, the percentage of number of students passing is more than 90 percent. More than 85 percent of the students passed in BBE, Philosophy (Hons), History (Hons) and B.A. (Prog). Students have satisfactory result in Sanskrit (Hons) and Economics (Hons) as well.

Second Year and Third Year students have also done exceptionally well in this academic year. There have been more than 90 percent passing percentage in courses like B. Com (Prog), B. Com (Hons), Maths (Hons), Philosophy (Hons), Political Science (Hons) and Sanskrit (Hons) of second year. Record 99 percent students passed in B. Com (Hons) third year. Students of different courses from both the years have made us proud by scoring high marks in their respective courses.

## ACADEMIC STAFF

After years of dedicated service Dr. Santosh Aggarwal from Economics Department retired this year. We thank her for the services she provided to the college as a faculty as well as Vice-Principal of the College.

SlicePay offered internship for marketing profile and incentives provided by them included a certificate and performance based stipend.

### **Women's Development Centre**

The Women's Development Cell had organized a talk on the 15th Feb. 2019 by Shafiq R. Khan. The topic of the talk was "Marching against Bride Trafficking". Shafiq R. Khan is a founder member of an NGO called 'Empower People'. In his talk the activist shared his live experience of being in situations where interventions were required in cases of bride trafficking. He also shared his experience of having set up workable models of self-help groups formed by the NGO which are mostly run by the victims themselves who are involved not only in rescuing of other victims but also giving them a place to stay after they are rescued so that they are not again trapped into the vicious cycle re-trafficking' once they are rehabilitated.

### **The Literary and Publication Committee**

The Literary and Publication Committee takes care of publication within the college and organizes various literary events. In this academic year, the committee held Intra-College Creative writing competition and Intra-College Debate Competition. Competitions were conducted in both English and Hindi medium. The Committee also organized The Lakshmbai Memorial Inter-College Debate Competition on the topic "The EWS quota will help us move towards social justice" on 25th March 2019 in which teams across universities have participated. Three debaters Dhruvika (College of Vocational Studies), Marvi (Lakshmbai Collge) and Punnet (Delhi College of Arts and Commerce) were awarded first, second and third prize respectively. Committee is responsible for publishing the college magazine and the annual report. The Committee conducted 'Cover-Designing Competition' for Jyoti Magazine on 25th March 2019 and Mehak Arora's design was awarded the first prize.

Words Unlimited, the literary wall magazine of Lakshmbai College, operating actively since the last four years, is now also part of the Committee. Six issues were released this academic year, with themes like The Jazz Age, 377 Verdict decriminalized, Homage to Vincent Van Gogh etc. The highlights of the year were the ECA event called Celebrating Pride, and an open mike event called Ikhtiyaar.

### **The Creativity, Innovation and Entrepreneurship Committee**

We embarked on this journey with the first orientation meeting held in month of October. The Committee recently took students for a field trip to Saras Ajeevika Mela 2019 organised by Ministry of Rural Development and Ministry of Small and Medium Enterprises at Pragati Maidan, New Delhi. The students learnt how the Self Help Groups work and how they make their products. We also came across a Reserve Bank of India pavilion which enhanced our financial literacy. Besides the Creativity, Innovation

and Entrepreneurship Committee organized a talk and an interactive session for students with writer/artist and former managing director, Oxford University Press, Mr. Ranjan Kaul on 13th March.

### **Mathletes - Mathematics Society**

The academic year was marked with the orientation programme which gave first year students a brief overview of course curriculum and college atmosphere. Further, Society held lectures on "Career Counselling" by Alpha Plus Institute and "How to crack IIT JAM?" by Dips Academy.

The "Mathletes" celebrated its much awaited annual festival "HELIX 2019" on February 22, 2019. The highlighted event of HELIX 2019 was "present-o station" in which students showcased their research aptitudes through their paper presentation.

### **NCWEB and IGNOU Study Centre**

The academic year 2018-19 of the NCWEB centre started with an orientation programme for the first year students on the 12th august 2018. The students were informed about all the activities and classes that were to be held in this year. The students of the centre also had a refreshing time on the 20th January 2019 on the cultural cum sports day. Various activities like rangoli, painting, swarachit Kavita competitions were held and students participated in large numbers. In February we had a job awareness drive by the Disha group funded by UNDP to help students earn while they learn. The annual day of the NCWEB centre was held on the 31st March with Mr. Shiv Sankar, additional Commissioner Moradabad and Mrs. Sangeeta Bahal, Mountaineer and Image Consultant as our guests. Farewell for third year was organized on same date.

The college started IGNOU Study Centre for women with nearly 1500 students in the year 2014. Post-graduation courses in History, Political Science, Economics, Hindi, Social Work, English and Commerce are running successfully. The coordinator of the centre is Dr. Lata Sharma.

---

A magnificent and an eventful year, has come to an end with an assurance of a promising future for the institution. It is an expedition, which promises a bright outlook for the college. In the same spirit we have planned as well to have Commencement Ceremony after Annual Day function. It is our pleasure that Jyotika Kalra, NHRC will be joining as Chief Guest. Her words for our final year students will inspire them to do best in their future.

I express gratitude to all the faculty members, non-teaching staff and the students for their cooperation. I wish with all the dedicated support the college pursues on its mission to lead humanity to wonderful paths. I am deeply obliged to the presence of our eminent Chief Guest, Guest of Honours, GB members, my colleagues and my lovely students.
