PRINCIPAL'S MESSAGE

September, 2020

Dear Students,

Welcome to the world of wild ideas, hopes and aspirations.

The Lakshmibai College campus throbs and vibrates with creative energy to shape the future of the country and the world around us. The HEI campuses are ultimately, the cradles of creative minds, nurturing the research and innovative ideas to make the world a better place to live.

As head of institution, I can assure of an exciting experience during these 3-5 years of stay in the College where you learn to connect with your inner self to explore the labyrinthine ways of life to understand it better and develop your own philosophy of life with some skills to earn your livelihood.

We all know that education liberates the mind from the shackles of ignorance and leads us from mortality to immortality. Higher the education, higher the level of liberation is supposed to be achieved. The National Education Policy 2020 aspires to fulfill the Indian dream of a curious student blooming into a social, ethical, emotional being with high order skills of critical thinking and problem solving, rooted deep into age old Indian knowledge system, values and traditions. Such a student will be ready to transform the global challenges of 21st Century into life time opportunities.

In these challenging times of pandemics and epidemics, we are destined to connect virtually, keeping our emotional connect intact while practicing social distancing norms. In such times, we need an education to balance the imbalances in our society while resetting it and fine tuning of the human mind. We have high hopes from higher education to help us reinvent and enlighten the mind with not just materialistic ways of getting and spending but also with lessons of love and peace for living and growing together to survive any crisis without killing each other for the sake of our wants and desires.

This time of isolation and limitations is apt for self-exploration and self-healing as the humanity today is not only looking for vaccines or a panacea but also for an ecosystem which sustains the world while the Mother Nature rejuvenates herself and decides to forgive human beings, one more time. If our young minds remain connected with roots and can avoid the Eurocentrism, our future generations will better understand the internet of things and the machine learning.

In the backdrop of our Indian spirit of inquiry, the time is set for embarking on a new journey to explore knowledge with a holistic and multidisciplinary approach embedded in our own concept of education. Let our learning continue without fear and our mind be at peace with indigenous knowledge to grow stronger with ancient wisdom, growing roots and wings together to enable us to travel through space, spirit and body in time-space continuum. A brave new world of higher education, ignited with a creative spark is waiting to unfold itself to the energy that you hold which has the power to move the mountains.

Let us pray, the teachers and the students to work together, to speak together knowing each other's mind and moving together with a synergy to contribute to the holistic development and growth of our self and society.

समानी व आकूतिः समाना हृदयानि वः /
समानमस्तु वो मनो यथा वः सुसहासति //
Rigveda

May our intentions and aspirations be alike, so that a common objective unifies us all.

With best wishes,

Dr. Pratyush Vatsala
Principal

COVID-19

The lockdown is by and large being loosely extended across the country by a few more weeks, with some partial relief for specific zones and specific industries. It looks like our college is still very much under lockdown for the foreseeable future.

We've been preparing the necessary protocols in place for our college to re-open. Having said that, your health and safety is our top priority and there is no reason for us to rush back into college until its safe. Thanks to our amazing adoption of digital media, we're doing just fine working & learning from home. It's almost started to feel that we've been doing this for years!

However, we understand that you must be itching to get your normal lives back. Though, none of us really know what the shape of the new normal would be. There are a lot of questions about how we will work and live in the post COVID-19 world. We don't have all the answers. But these questions are important since they will open new doors for all of us.

Winston Churchill said "Never let a good crisis go to waste". Yes, we will continue to face some challenges in the months to come. But just like we've found a way to work & learn from home so beautifully, we will also overcome the other challenges. The important thing is to have an open mind and a strong will. To not be afraid of the change this crisis will bring. Rather, re-invent ourselves as we learn from this situation.

Prevention has always been better than cure. With that spirit, we will like to urge all of you to take special care of social distancing and personal hygiene norms especially after we resume day-to-day activities at our institution.

In the meanwhile, please continue to stay healthy and keep safe.

COLLEGE PROFILE

Lakshmibai College is one of the premier institutions of higher education for women, founded in 1965 as Women's College, later renamed after an inspirational, exemplary and spirited queen of Jhansi, Rani Lakshmibai. It is a constituent college of University of Delhi. The college has its own well-equipped building, sprawling lawns, sports ground and staff quarters. It has a locational advantage as it is in the close proximity to the University of Delhi.

The college is on a run to enhance its infrastructural capacity for the students, faculty and non-teaching staff. From the building of eight classrooms (Porta Cabins) to a well-furnished computerized library with the development of Creche (Parvarish), Open Gym and a Health and Wellness Centre (Arogyam) with a meditation hall, fully furnished Waiting shed, Modern Administrative Block (SPS) (Kautilya Block), ground plus two Storey structure behind Library (Vishwakarma Block), Girls Common Room, Open Stage and Pavement for cultural programme. College entry gate with Solar Panel of 76.8 W.

Our college has taken a great leap forward with respect to technological advancement in higher education, with the introduction of RFID cards for all transactions inside premises & installation of RFID Entry Recording System at the Library Gate. We were the first college in Delhi University or perhaps even in India, to go cashless prior to de-monetization. The RFID cards have imparted unique identities to all students and has allowed them to do cashless transactions within the college premises. Our college boasts of its own mobile app, digital display boards, interactive smart boards and digital information Kiosk, thus, strengthening its asset base in different areas.

In Lakshmibai College we are fortunate to have efficient and qualified teaching staff, as well as the supportive and capable administrative and non-teaching personnel. We have a dedicated faculty members, with specializations in different subjects. Each of our faculty members are highly qualified academicians, with most having eminent research degrees like PhD or MPhil. They have thorough expertise in their respective subjects and are enthusiastic educators. Apart from teaching, they are actively engaged in research, development of new curriculums,

undertaking innovative projects, conducting ground-breaking workshops, seminars, symposiums and conferences at national and international levels. Many of them also have to their credit publications of multiple books and research articles in reputed journals.

Apart from academics, our college excels in Sports, NCC and NSS as well. It is a matter of great pride for NSS Unit of Lakshmibai College that one of our volunteers, RIYA KUMARI got the golden opportunity to be a part of Republic Day Parade Camp 2019. Lakshmibai College was awarded the NCC Achievers Award for being the Best College (SW) in University of Delhi by the NCC Alumni Club of Delhi.

Our students are deeply conscious of the leadership potential of women and they are constantly inspired to build a community devoid of discrimination and oppression. Student's creativity is evident in wide ranging co-curricular and extra-curricular activities organized by the various societies and associations working under the guidance of the staff advisors.

Lakshmibai College is committed to academic excellence and the values of humanism. We train our students towards self-governance and encourage the overall development of their personality. Energy and vitality for college activities comes from a collective sense of purpose, comradeship and social solidarity. It is a matter of great satisfaction and pride for all of us associated with Lakshmibai College that we have grown not only in size, but also in the right direction, widening our horizons to achieve new heights.

In the past five decades the college has carved a niche for itself in the field of education in liberal arts and social sciences for women. The college is an extended college with about 3800 student on rolls. The college utilizes its resources to the optimum. On Sundays and other holidays, it is a teaching center for the Non-Collegiate Women's Education Board.

CHOICE BASED CREDIT SYSTEM (CBCS)

The CBCS provides an opportunity for the students to choose courses from the prescribed courses comprising core, elective/minor or skill based courses. The courses can be evaluated following the grading system, which is considered to be better than the conventional marks system. Therefore, it is necessary to introduce uniform grading system in the entire higher education in India. This will benefit the students to move across institutions within India to begin with and across countries. The uniform grading system will also enable potential employers in assessing the performance of the candidates. In order to bring uniformity in evaluation system and computation of the Cumulative Grade Point Average (CGPA) based on student's performance in examinations, the UGC has formulated the guidelines to be followed.

Outline of Choice Based Credit System:

1. Core Course: A course, which should compulsorily be studied by a candidate as a core requirement is termed as a Core course.

2. Elective Course: Generally a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/ subject of study or which provides an extended scope or which enables an exposure to some other discipline/subject/domain or nurtures the candidate's proficiency/skill is called an Elective Course.

2.1 Discipline Specific Elective (DSE) Course: Elective courses may be offered by the main discipline/subject of study is referred to as Discipline Specific Elective. The University/Institute may also offer discipline related Elective courses of interdisciplinary nature (to be offered by main discipline/subject of study).

2.2 Dissertation/Project: An elective course designed to acquire special/advanced knowledge, such as supplement study/support study to a project work, and a candidate studies such a course on his own with an advisory support by a teacher/faculty member is called dissertation/project.

2.3 Generic Elective (GE) Course: An elective course chosen generally from an unrelated discipline/subject, with an intention to seek exposure is called a Generic Elective. P.S.: A core course offered in a discipline/subject may be treated as an elective by other discipline/subject and vice versa and such electives may also be referred to as Generic Elective.

3. Ability Enhancement Courses (AEC)/Competency Improvement Courses/Skill Development Courses/Foundation Course: The Ability Enhancement (AE) Courses may be of two kinds: AE Compulsory Course (AECC) and AE Elective Course (AEEC). "AECC" courses are the courses based upon the content that leads to Knowledge enhancement. They ((i) Environmental Science, (ii) English/MIL Communication) are mandatory for all disciplines. AEEC courses are value-based and/or skill-based and are aimed at providing hands-on-training, competencies, skills, etc.

3.1 AE Compulsory Course (AECC): Environmental Science, English Communication/MIL Communication.

3.2 AE Elective Course (AECC): These courses may be chosen from a pool of courses designed to provide value-based and/or skill-based instruction. Project work/Dissertation is considered as a special course involving application of knowledge in solving / analyzing /exploring a real life situation / difficult problem.

3.3 Skill Enhancement Course-SEC Are Value Based and are aimed at providing Hands-on training, competencies, skills, etc.

Refer to <http://www.du.ac.in/du/index.php?page=undergraduate> for the structure, names of papers and other details of various undergraduate courses under Choice Based Credit System.

Computing Merit Score: General Guidelines Course specific eligibility criteria determine the merit score on which admission to each course is based. Applicants must study these

criteria carefully to understand if they qualify. The detailed course specific criteria are in sections 2.2 – 2.9 below.

1. All academic subjects may be treated as “elective.” The subjects eligible for computation (subject to course-specific criteria) are listed above in List A and List B.
2. The University may define any other relevant subjects as academic/ elective for a particular course.
3. Merit is calculated through course-specific combinations of marks obtained in the qualifying examination in the “**Best Four**” subjects for admission to courses through the faculties of Arts, Commerce, Mathematical Sciences, Music, Social Sciences, Applied Social Sciences & Humanities, and course-specific combinations of “**Three Subjects**” for admission to courses under the faculties of Sciences and Applied Sciences.

2.1.3 Special Instructions for Boards other than CBSE

1. If a paper’s title does not match with what is specified in List A and List B above, it is mandatory for the applicant to provide a content equivalence certificate from the Principal/Head of the Institution last attended, certifying that the paper’s content is equivalent to NCERT Class XII syllabus for that paper. This equivalence certificate must be accompanied by a copy of the syllabus of the paper attested by the Principal/Head of the Institution. However, the University of Delhi’s decision on the matter will be final and binding.
2. If the applicant has studied “Botany” and “Zoology” separately, the total of marks in both these papers must be entered in the respective fields for theory and practicals under the heading “Biology” in the field provided in your admission form.
3. If the applicant’s marksheet contains both Class XI and XII marks, the applicant must enter **only the Class XII marks** in the respective fields provided in the admission forms.
4. Applicants should have passed theory and practical separately. Any paper with both theory and practical component will be considered only in the ratio **70 (theory) : 30 (practical)** if the theory component of the paper is less than 70%. The applicant should separately fill into the online Admission Form the marks obtained and maximum marks for theory and practical each, and the totals, as per their marksheet. In case the **theory/practical breakup is not specified**, the applicant will be required to enter only their total marks in the first field (“Theory”) for that paper in the online Registration Form. (See Appendix IX, Example 1 for sample calculations.)
5. “*Internal Assessment*” marks, if any, mentioned in the marksheet will not be used for any calculations. (See Appendix IX, Example 2 for sample calculations.)
6. Any discrepancy in the entry of marks pertaining to theory, practicals or totals will be the sole responsibility of the applicant. Applicants are advised to exercise utmost care in filling up the registration form as errors in entry may lead to summary rejection of

7 Admission to the Non-Collegiate Women's Education Board (NCWEB)

The Non-Collegiate Women's Education Board (NCWEB) enables thousands of young women who cannot join regular college for various reasons to attend classes during Saturdays/Sundays and during academic breaks to obtain Undergraduate and Postgraduate Degrees from the University of Delhi. NCWEB facilitates the female students of NCT Delhi to take University of Delhi examinations with special coaching once a week without attending the regular classes. NCWEB has emerged as an important academic option for female students.

The NCWEB is now established in 26 UG centres and one PG centre, with approximately 32,000 students. The 26 UG centres run in various colleges of University of Delhi.

Women applicants who satisfy the minimum eligibility requirements as specified in Section 2.4 and 2.7 must register online through the centralized UG admission portal. They will be

admitted by the teaching centres of Non-Collegiate Women's Education Board for admission to B.A. (Prog.) / B.Com (Pass) (Three Years). The admission is done on the basis of merit by declaring cut-offs as per schedule. **Non-Collegiate students are not allowed to simultaneously pursue any other full-time courses.**

Interested female applicants residing in NCT Delhi are automatically enrolled for NCWEB on selection of courses offered in NCWEB, i.e. either B.A. (Prog.) or B.Com. or both. At NCWEB centres classroom teaching is provided. Students are expected to attend classes regularly as the minimum 66.67% attendance has been made mandatory to appear in the University Examinations, **which are held in semester mode/ annually** in the month of May. The NCWEB UG students are permitted to finish their B.A./B.Com. three year UG degree courses in 6 years. The Board provides library facility to all undergraduate students in the respective Teaching Centres. The Board gives financial aid and book loan facility for the academic year to the needy and deserving students.

There are 50 teaching days in an academic session year, held either on Saturdays or Sundays and during the academic breaks of the University of Delhi. At the Under-graduate centres, classes are held between 9:00 am to 4:00 pm.

A major advantage of the Non-Collegiate course of teaching is its nominal fee and utilisation of the existing infrastructure of educational institutions. The students are encouraged to take part in various activities like skill development workshops, placement drive for employment, health camps, and environment awareness. Various cultural and extracurricular activities impart an opportunity to students to showcase their talents. In the direction to achieve a new horizon for women's education, NCWEB is taking small, but confident steps to reach its goal of empowering women. It envisions to provide holistic development and act as an agent of social change by enlightening the minds of women through academic and skill training to increase their employability, leading to the emergence of an egalitarian society.

Creative Board

Creativity is humanity at its best. It is one of the most mysterious and yet the most revelatory aspects of our existence. Theories abound about the creative process but none would deny the magic of the moment when something new is created and takes form. It is a god-like demiurge, which may emerge from a deeply personal realm but reaches a universal plane in its finished form. Creativity, thus paradoxically, makes us a creator as well as fully human. It enables us to cast in an aesthetic mould our thoughts and feelings. All of us have a Blake, Eliot, Tagore, Picasso or a Disney in us. As a unique space that provides the opportunity to explore the creative potential within all of us, we invite you to share your creative ventures on the CREATIVE BOARD. Your entries could be in the form of poems, stories (not more than five hundred words), sketches, paintings. Students may mail them to: lbccreativeb@gmail.com
